

Template Assembly Tips

- 1) Trim 1/2" to 3/4" from each edge to be joined. (This step is optional.)
- 2) Place 2 pages to be joined on a light board, or hold them against a window lit from behind.
- 3) Line up registration marks and apply clear tape along the seam to join the pages.
- 4) Repeat with other 2 pages, then join both sets of pages together.
